James Joyce

1882 - 1941

IRISH NOVELIST ✂ POET ✂ LITERARY CRITIC

James Joyce was an Irish novelist, poet, and literary critic who lived in Dublin, Ireland during his adolescent years. He spent his adult career living in Italy, Switzerland, and France with his wife and two children where most of his best known work was published. Joyce is well known for being a major contributor to the modernist avant-garde movement and is regarded as one of the most influential writers of the 20th century.

His most notable work, Ulysses, was completed and published in Paris, France in 1922. The satirical novel parallels Homer's, The Odyssey, portrays the less idealistic view of Ireland— the hardships, poverty, and violence by Irish turn-of-the-century citizens, writing from his own experiences. It follows the movements of the main character, Leopold Bloom, through a single day in Dublin

on June 16, 1904; A date that would later be widely celebrated in Ireland as "Bloomsday." Its in-depth character portrayal, breadth of humor, and stream-of-consciousness technique has made it a masterpiece in literature. Other notable works by Joyce include Dubliners (1914), A Portrait of the Artist as a Young Man (1916), and Finnegans Wake (1939).

After the fall of France during World World II, Joyce fled his home in Paris and returned to Zürich, Switzerland in 1940. He died in Zürich on January 13, 1941 at the age of 58.

James Joyces' work still has a profound influence on contemporary culture. Ulysses has become a model for fiction writers, specifically its exploration in the power of language that opened up a world of possibilities for writers.
